T-Shirts - The class will not join with other 1994 alumni's from various high schools throughout the island. This decision was made due to the lack of participation by the other 1994 alumni's from various high schools. On another note, with the help of our former CIO Dara Maddox, the class discussed utilizing an off-island company to possibly handle the printing of the reunion t-shirt. This has not been confirmed as yet. We may still use a local person to print the t-shirts depending on costs.

Fundraising Committee-Aubrey Gerard, Chair.

All of our hopes and dreams of having the blast of our lives for our 15th Anniversary depends on our 2007 fundraising efforts and our biggest fundraiser is carnival. Yes, its hard work and that hard work always

tend to fall on just a hand full of members every time. As we embark on this goal together we are urging all members to please come out to support, volunteer and/or contribute as we try to surpass meet our goal.

Booth/ Mobile Storage- Wayne George suggested that the class invest in building a booth/ storage to relieve some of the stressful issues that we deal with during Carnival, such as setting up and breaking down tents, burner, tables and transporting and storing drinks. The booth will be approximately an 6 x 13 structure placed on a two wheeled trailer for easy towing. Wayne will check on the estimate on how much the booth/ mobile storage will cost the class to construct. Our Vice-President Joseph Byron will assisted with the obtaining, through donations from Ace Hardware, MSI and Sea Chest, the supplies we will need to construct the booth. Wayne will inquire about storing the booth after the Carnival festivities on the grounds of the Tau Club in Smith Bay, St. Thomas. The class President has also offered to have the booth stored on her property as a last resort.
